SECTION 3. Section 209 (Cannabis Regulation; Retail Dispensary Ban) of Article II (Powers of the City) of the City Charter is hereby repealed in its entirety and amended to read as follows:

The voters of the City have adopted this Measure to establish a permitting process for cannabis operations, including medical and recreational dispensaries that were originally prohibited under the City Charter, but in order to avoid spending unnecessary time, missed tax opportunities, and unnecessary policing costs. This Measure will enable the City to collect general fund monies that otherwise would be collected from Carson residents purchasing legal cannabis and cannabis products in neighboring cities that do permit all cannabis operations, including medical and recreational dispensaries. The provisions of the Measure are in addition to any other consistent permits, licenses, and approvals which may be required to conduct business in the City, and are in addition to any permits, licenses, and approval required under State or County of Los Angeles law.

Notwithstanding the above, and if permitted by State law, the City hereby expressly prohibits the delivery of cannabis and cannabis products within the City except by commercial cannabis operations based within the City and licensed under this Charter. If the City is required by State law to permit the delivery of cannabis and cannabis products by cannabis businesses not based within the City, such cannabis operators not based within the City shall be required to comply with the applicable operational requirements under this Charter and the City Municipal Code to the extent permissible by law.

The People of the City find that the actions contemplated by this Measure, including the issuance of cannabis operation permits, are categorically exempt from the California Environmental Quality Act (“CEQA”) under Section 15060(c)(2) and Section 15060(c)(3) of Title 14 of the California Code of Regulations and the holding by the California Supreme Court in *Tuolumne Jobs & Small Business Alliance v. Superior Court* (2014) 59 Cal.4th 1029. Further, the People of the City find that cannabis activity is similar to already existing permitted general uses in City’s industrial or commercial zones with the only difference being the type of product cultivated, manufactured, distributed, processed, stored, tested, packaged, labeled, transported, delivered, or sold.
