Re: Project Number: LW-19-166, Foisia Park, \$4,250,000

Dear Tim Grierson:

Congratulations! The Department of Parks and Recreation's Office of Grants and Local Services (OGALS) is pleased to inform you that the above grant has been selected for funding through the Land and Water Conservation Fund Program (LWCF)!

We look forward to working with your agency to ensure successful completion of the project. Our Office of Grants and Local Services will contact you soon to schedule a meeting to provide guidance on the post-selection federal requirements. Because the California Department of Parks and Recreation is recommending this project to National Park Service (NPS), funding is not guaranteed until the federal requirements are complete, federal approval is granted by NPS, and a grant agreement is executed between your agency and the State. **Therefore, project construction costs or acquisition costs are not eligible for reimbursement until NPS approves the application.** Do not begin any phase of the project until you receive a start date from the State.

If you have questions, please contact the LWCF Supervisor, Natalie Bee, at [Natalie.Bee@parks.ca.gov](mailto:Natalie.Bee@parks.ca.gov) or (916) 860-4969.

The Department appreciates its partnership with local agencies to improve the health and wellness of communities by creating new outdoor program opportunities. Again, congratulations on this grant selection!

Sincerely,

A handwritten signature in blue ink, appearing to be "A. Quintero".

Armando Quintero, Director  
California State Parks
