Re: Letter of Support for Tyler Technologies, Inc. Munis System

Mayor and City Council:

I am writing this letter on behalf of the Technology Advancement and Innovation Commission to support the Information Technology Division in their decision to go with Tyler Technologies, Inc. Munis System for the Enterprise Resource Planning (ERP). The ERP system is very important to the City and will increase efficiency and productivity.

Tyler Technologies, Inc. was kind enough to show and summarize the system for the commission at our November meeting. As the Technology Advancement and Innovation Commission, we were very pleased to see this innovative software.

Please contact me if I can be of any further assistance.

Sincerely,

A handwritten signature in blue ink, appearing to read "Karl Wilvert", is written over the word "Sincerely,".

Karl Wilvert  
Vice Chairman, Technology Advancement and Innovation Commission  
City of Carson
