Subject: RE: TDA3 PROJECT CLARIFICATION/ELIGIBILITY

Hi Pat,

I will allow TDA 3 funds to be spent on your bus shelters project this time only as you currently have no other projects that could qualify towards bike and pedestrian projects. This should be considered a one time approval. TDA 3 funds are meant to improve bike and pedestrian facilities throughout the county, so please plan ahead for future use of these funds accordingly. Prop A, Prop C, Measure R, and Measure M local return funding sources can all be used for bus shelter improvements. Please let me know if you have any questions or concerns about this.

Thank you,

Chelsea Meister

Subject: TDA3 PROJECT CLARIFICATION/ELIGIBILITY

Hi Chelsea,

Not sure if you are the right person for me to inquire about the TDA project eligibility and if it were, truly appreciate your assistance. If not, please kindly forward the inquiry to the proper party.

- Can TDA fund be used for bus shelters? (The shelters are all accessible to pedestrians, bus/bike riders and general public.)

Thank you,

Pat Nguyen, Accountant
