Maps will be posted seven days prior to the next meeting anticipating further draft maps are submitted. He provided a Powerpoint presentation of the information available on the City's website; and how to provide submissions. ##### Speaker

Dave Ely, Demographer, noted the acronym CVAP means, 'citizen volume and population'. He provided an explanation to the aforementioned speaker's comments.

David Jones

Stated districts will divide the City and he referred to gerrymandering. Separation is not equality.

Hans Hoogendam

Janice Schaefer

Stated she viewed the map where she lives and believe it to be strange that Carson has to comply with discrimination rulings that does not exist in the City. She requested Dave Ely, Demographer, refer to his first Powerpoint presentation draft where she lives. She noted her mobile home park boundaries and stated residents to the south of her do not share the same concerns as she and her neighbors.

Assistant City Manager Raymond noted the standardized map by demographer and maps hand drawn on spreadsheet map.

Council Member Dear noted if population reaches 100,000 or more the city could go to six districts versus four districts.
