August 2, 2019

Adrian Reynosa
City of Carson
Ph: 310-952-1771

BrightLife Designs is grateful for the opportunity to submit a Holiday Décor proposal that will add another level to the cheerful spirit and elegance to City of Carson.

We have experience with time sensitive large-scale client projects such as *City of Long Beach* (Belmont Shore), *Downtown Disney*, *Hilton & Holiday Inn Hotels*, *Hyundai Motors Headquarters*, *City of Huntington Beach*, *Long Beach Airport*, *Ontario Airport*, and *Canyon Crest Towne Centre*. Our clients have trusted BrightLife Designs and owner Joe Castro for Multiple years with their holiday lighting and décor needs. There are many good reasons clients choose to stay with BrightLife Designs for the holiday seasons and continue to use our services, which include innovation and professionalism with great customer service. We have experience with the intricacies involved with large scale city projects and are confident our technical abilities and focused attention to detail will exceed your expectations.

BrightLife's understanding of this opportunity is to enhance various locations at the City of Carson with creative and elegant lighting. The proposal is menu style layout for you to choose the decorations to fit your set budget. We will work with your staff and design partners to achieve the overall concept and services of design, install & removal. In addition to the specified services, we understand the utmost importance is guest experience and all pedestrian safety.

We appreciate the trust you will be placing in BrightLife Designs should we be awarded the contract. Rest assured we have invested a great deal of time into planning and execution of our designs. BrightLife has high standards for quality products and energy efficient lighting. In fact, we truly hope that beyond lights and decorations, we will make your jobs easier and create an energetic experience for City of Carson.

Sincerely,

A handwritten signature in dark ink, appearing to read "Joe Castro", is written over a light blue horizontal line.

THE TEAM

Joe Castro Designer & Project Manager

Joe is the co-founder and reason BrightLife Design thrives like a well-established business that's been functioning for many years. Joe brings 8+ years of knowledge, experience and relationships to the BrightLife Design platform and foundation. His drive, determination and tenacity are invaluable to BrightLife's high performance team. Over the past seven years he has challenged himself to learn all facets of business operations and has duplicated those skills within his team members to ensure that BrightLife Designs implements creative concepts with exemplary execution. After several years in the industry with another company, he was able to branch off and start his own company with more solid company values with the client always coming first.

Kim Scott, Product Design and Development Manager

Kim brings layers of insight with her creativity and design expertise to BrightLife Designs with the core idea of a visual stimulation using color theory to create an atmosphere. Her concepts are with an end user experience in mind and pays attention to the details of the project. She enjoys highlighting and boldening existing elements. As part of our process she works with the clients from the beginning of our project start with consulting, brainstorming, design process, selection of materials to site installation.

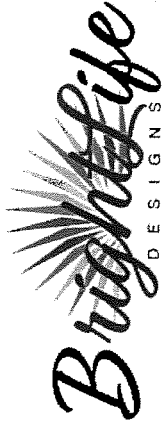

Nick Engineering, PE, PMP Structural and Construction Design

Nick has a solid educational foundation with a B.S. in Architectural Engineering from Santa Monica University and a Professional Project Management Certification. His solid 24 years of experience in engineering and project design brings tremendous value to the BrightLife Team. He helps to ensure that all our commercial projects are properly designed, and our installations guarantee public safety.

BrightLife Experts

BrightLife Design has an efficient business model and our formulation for financial success depends on long term relationships with a vast array of expert business consultants and contractual staff who provide business guidance, legal compliance, management information systems, public relations, and creative talent such as designers, graphic artists, and sound technicians. We value our experts and nurture long-term relationships. As a result, we can deliver the types of expert services normally associated with larger companies within a cost efficient and stable business model.

PROPOSED SPECIALIZED PLAN AND DESIGN OF DECORATIONS

BrightLife will ensure all decorations requiring electrical lighting are energy efficient and will use LED lights for all decorating purposes, if applicable. Whenever possible, will use Holiday Décor Elements made with recycled material, and new or used decorative items that are refurbished and in good conditions upon testing and installation. We will provide specialized planning and designed elements adaptable to the surroundings of each locations; planning will be considered for high volume foot traffic areas and for all external weather conditions.

Schedule of installation will be provided to the Client four (4) weeks prior the installation or removal dates. The installation services will on or as close as possible to desired schedule. Installation and de-installation services to be no longer than 5-7 business days. Service hours for installation and de-installation will take place between 8:00 a.m. and 5:00 p.m., and during night hours when traffic is less, unless otherwise advised by the Client.

BrightLife will be responsible to provide special equipment needed to install and de-install large pieces and/or specialized designs. Expenses for transporting, renting specialized equipment, packing and for any necessary precautions will be at no cost to the Client. Details of required special equipment is indicated prior to installation.

BrightLife Designs will provide storage of holiday decorations if requested, when/if purchased.

Potential problems at the service work space and/or other locations will immediately be communicated to the Client to inform and agree on a correction plan, should there be any.

Service staff will be dressed in BrightLife attire, as outlined by the company's handbook. BrightLife staff will address all personnel professionally during all interactions.

BrightLife Designs has a 4-hour response time to all Emergency's, a 24-hour response time to non-emergency when notified. All decorations will be inspected twice a week during operational time of decorations.

Project Approach/Methodology & Statement of Qualifications

Project Understanding:

It is BrightLife Designs goal and responsibility to enhance the visual appeal and attractiveness of The City of Carson Holiday Themed Décor and Lighting. It is our approach to provide you with a turn-key program. We shall provide design, development, technical and artistic direction of the program, specifically illuminated enhancements and other decorations. It is necessary for us to create, produce and execute for you a comprehensive and professional Holiday Program. Services provided by BrightLife will include procurement of decorations and ornaments, materials, labor, supplies, equipment, tools, transportation, and other items necessary for the installation and execution of the project. All pricing includes labor for installation and removal of the décor for the clients.

BrightLife executes all projects in a timely manner while protecting and considering the environment. While it is our job to decorate, and beautify, it is our responsibility to install the decorations with the utmost care and respect for the facilities, trees and surrounding landscape. We take great precautions to protect the streets, sidewalks, and parkways around the site in a proper manner. As well as pedestrian safety.

Approach & Methodology & Statement of Qualifications:

BrightLife Designs has a complete and thorough understanding of the scope of work required for The City of Carson. We understand the staffing and equipment needed to execute the program as well as the time and approach to complete the work. BrightLife will ensure all decorations requiring electrical lighting are energy efficient and will use LED lights for all decorating purposes. BrightLife will use new Holiday Décor Elements made with recycled materials when applicable. Production of decorated trees and garlands and any other design elements will take place at BrightLife Designs warehouse. We will be responsible for providing special equipment needed for installation and de-installation of large pieces and specialized décor. We also have a full inventory of products on hand to use for replacement materials when needed and required.

www.Brightlifedesigns.com

City of Carson

City Hall - Fountain Area

New Decor Concept Option - Globe Garden

Additional Option 2 Design Concept - Lighted Bow

Option 2 Design Concept:
We suggest along with the building parameter lights the exterior edge of the entrance way arches continue that same element. A red lighted Bow & Tails are centered on top of the building to coordinate with the electronic sign bow.

The Merry Christmas or Happy Holidays sign sits centered just below the bow. Warm white palm trunks wrapped and branches illuminated in red up light.

Red and warm white orbs scattered around the fountain planter and placed at bottom of palms and clustered through out the lawn areas.

Joseph Castro
BrightLife Designs
Ph: 714-326-8326
joe@brightlifedesigns.com

Note: East Front Entrance Community Center and any other focal point with palms are suggested to have this element.

The RGB lights will shine up from the palm nut creating a beautiful subtle variation of red tones through out the branches.

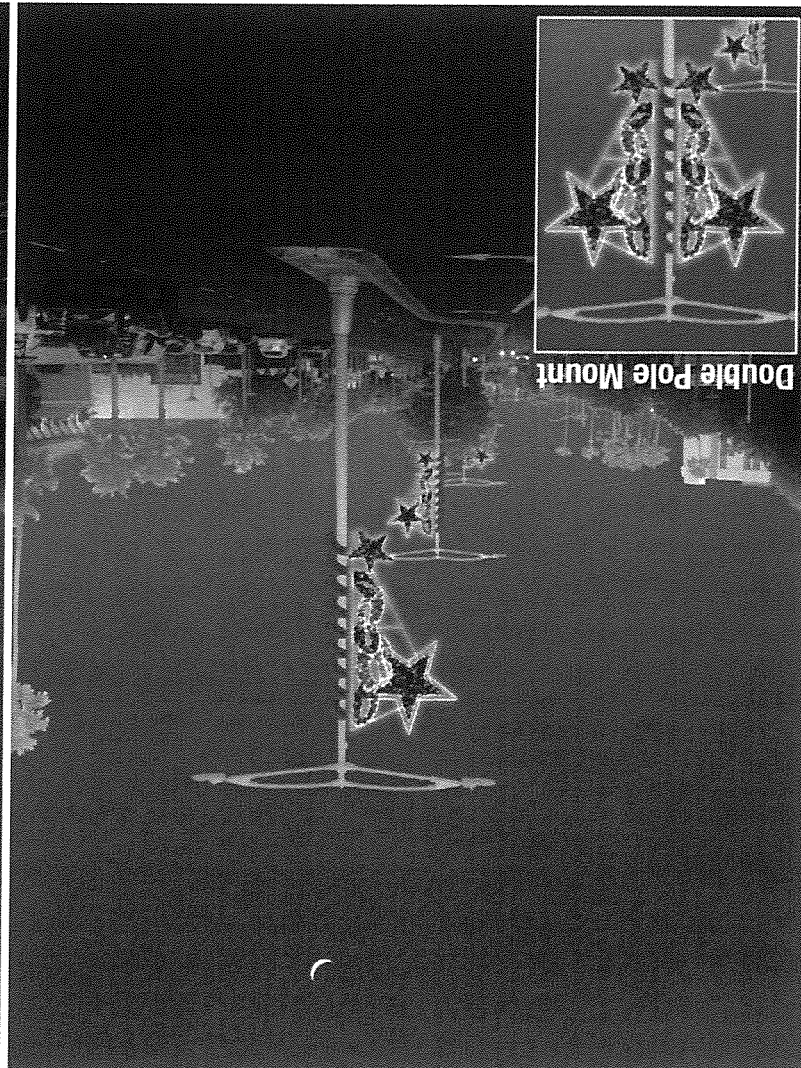

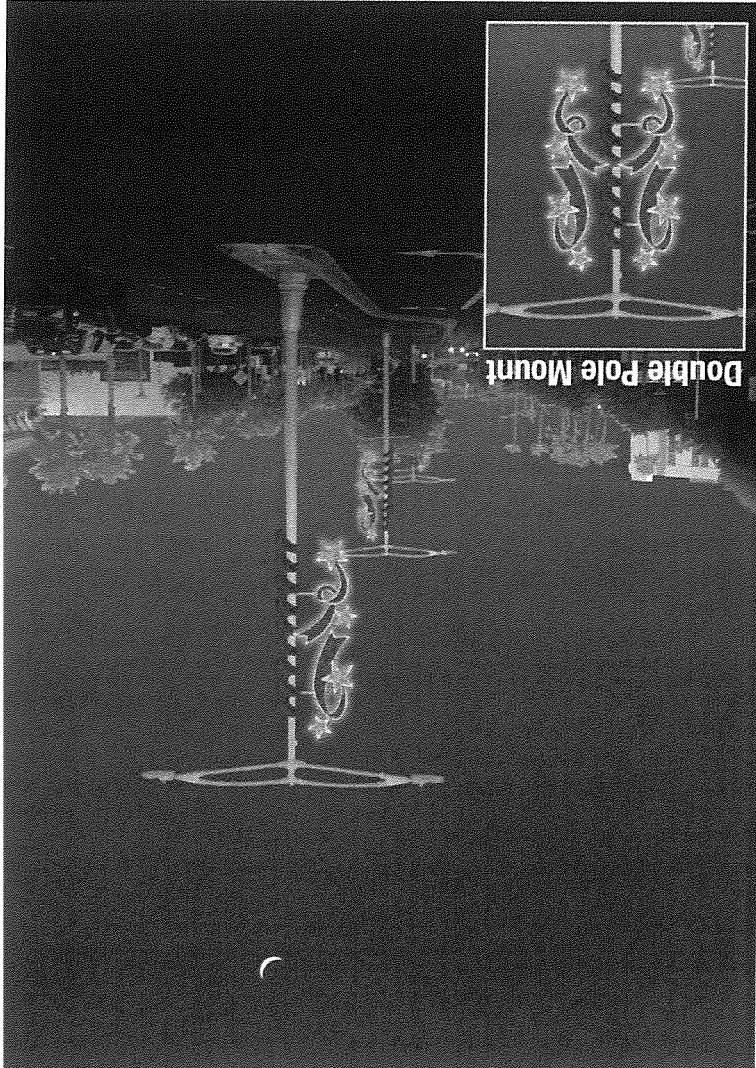

An additional color wash element is suggested as Option 1 for this area. This pop of color will enhance and add another layer to the existing holiday decor on the street side of City Hall.

City of Carson
City Hall - Fountain Area
East Front Entrance Community Center
Additional Option 1
Red Up Lighting on Palm Branches

Pole Mount Options:
Lighted Pole Mounts can be single or double sided.
The Star Swirl (Option 1 on left) is shown displayed as single sided pole mount alternating from left to right side of each pole along the center median light posts.
Double sided is shown as inset. This lighted element is filled with shimmering tinsel that has twinkling lights throughout for movement and is lined in rope lighting.
Option 2 - Swirling Ribbon & Stars has the same materials stated above and inset image is also showing a double sided mount).

City of Carson
Carson Street & Avalon
Street Banners
Lighted Pole Mount Options
Option 1 - Star Swirl
Option 2 - Swirling Ribbon & Stars

In addition to the existing scope of lighted holiday decor for this area, we suggest adding another layer to your decor program.

A globe garden theme to have as a cohesive design decor element throughout various locations will surely give a grand feel to the foundation of your holiday decor program.

Half wall orbs in red and warm white will match the ground lighted globes placed along the planter areas of the North Entrance.

Two large lighted deer will be placed in this area one sitting among the shrubs and another standing near entrance tree and shrubs (not shown here).

City of Carson
 North Front Entrance - Community Center
 New Decor Concept Option - Globe Garden
 Additional Option: Lighted Half Wall Orbs and
 Lighted Garden Globes.

City of Carson

Atrium - Community Center

New Decor Concept Option - Globe Garden
Additional Options for Photo Ops

This elegant Red and Gold themed Atrium is designed to stimulate the eye with layers and levels for photo ops at every turn. The elements for this space include:

- 1) Life-size lighted standing frame.
- 2) Tear drops decorated and bowed on both sides of each column.
- 3) Lighted scrolls on column fronts (if electrical access allows).
- 4) Two large sparkling red ornaments placed on top of a gold platform surrounded by red poinsettias and a Happy Holiday sign from the City of Carson.
- 5) Lighted orbs placed around the grass and planter areas in warm white and red.
- 6) Warm white lights installed as a Curtain of twinkling lights that will drape the Community Center entrance.
- 7) Three Red and gold decorated wreaths.
