

PETITION IN SUPPORT OF THE KL FENIX SPECIFIC PLAN

Petition Summary:		Support our community and approve the KL Fenix Container Parking Specific Plan.		
		We, the undersigned, are residents of the City of Carson who respectfully request the Planning Commission to approved the proposed KL Fenix Specific Plan located at 20601 S. Main Street. The abandoned landfill has sat vacant creating dust, collecting trash, and has been a nuisance on our community for over 60 years. The project will clean up the site, plant landscaping that will beautify the area, and create much needed jobs. It is time that we stop waiting for something that will never happen and support this developer that is willing to invest a significant amount of money to clean up the area. The container traffic will not impact our community because it is restricted to the 110 Freeway entrance and Figueroa and not allowed to enter the community. Please help clean up our community and vote yes to approve the KL Fenix Specific Plan.
