Re: Building Automation and Mechanical Service Agreement SIEMENS contract **#2600025583**

Dear Modesto Bolanos,

The intent of this amendment letter is to adjust the existing service agreement between Siemens Industry, Inc. and The City of Carson as requested. Our records indicate that your service agreement with Siemens is scheduled to end i its year on June, 30th, 2021. **However, due to the priority of the services provided, Siemens will extend the service agreement from June 30th, 2021 to May 31st, 2022 (1 year).** This agreement will be for the exact scope of work provided for the previous 3 year agreement and will include a standard increase of 3% escalation, due to cost of living and associated material price increases. Additionally, this scope is based upon a prevailing wages pay scale as determined by the city and Siemens Industry Inc. mutually agreed upon terms. Please see the pricing breakdown summary below:

Service Agreement Summary:

Period	Annual Sell Price	Period Range	Billing Frequency
4	\$87,180.00	July 31, 2021 - June 30, 2022	Paid monthly as \$7,265.

Kindly review the above renewal information and e-mail me a signed hard copy of this amendment.

Thank you for continuing to choose **Siemens Smart Infrastructure** as your technical solutions provider. Our goal is to provide you with the very best in customer satisfaction and to achieve a long-term relationship based on outstanding value and security. This peace of mind is mutually beneficial. It is my hope that our service continues to meet or exceed your needs and that we may strive to provide you with superior service for many years to come. Please feel free to call if you have questions or concerns. My direct telephone number is 657-413-8456.

Sincerely,

Accepted By:
