IV. BACKGROUND

Since May 2015, the CRA Board has taken a number of actions to move forward the remediation and development of the former Cal-Compact landfill project. Staff, in collaboration with consultants, established systems that allow the review and approval of the work undertaken by the remediation and other contractors, vendors and consultants, and the payment of the cost of such services, in a fair and transparent manner. The property/project-related expenditures covering June, July and August 2018 are listed in the attached Resolution No. 18-09-CRJPA. Approval of the resolution authorizes and/or ratifies payment of invoices and claims in the amount of \$1,918,253.18 which were submitted for completed work pursuant to contracts and agreements previously approved by the CRA Board.

As required under California Government Code §37202, a certification as to the accuracy of the claims and demands, and the availability of funds for payment of same is included in the Resolution.

V. FISCAL IMPACT

The total expenditures for this period were \$1,918,253.18 which were paid with cash and bond funds of the Carson Reclamation Joint Powers Authority.
