IV. BACKGROUND

As a part of the City of Carson's overall housing obligation, the City is charged with providing access to housing for all income levels, which includes the homeless. The City's homeless population is 192 and increasing. The City participates in the Los Angeles County Homeless Count annually and recently completed the Homeless Count for 2016 which showed continued increase in the City's homeless population. The County of Los Angeles' (County) Homeless Initiative identified 47 strategies to combat homelessness, with many of them providing Cities access to County resources, such as mental health services, outreach workers and supportive housing.

If approved, the attached resolution will express the City Council's endorsement and support for the County's Homeless Initiative strategies to combat homelessness. In addition, it shall demonstrate that the City Council is a partner in the County's effort to combat homelessness and collaboration with the County to identify and enhance support available for the City of Carson community members who are experiencing homelessness.

V. FISCAL IMPACT
