Report to Mayor and City Council

Tuesday, June 20, 2017

Special Orders of the Day

SUBJECT:

PUBLIC HEARING TO CONSIDER A REQUEST TO INCREASE THE INTEGRATED RESIDENTIAL WASTE MANAGEMENT SERVICES RATE (CITY COUNCIL)

I. SUMMARY

The City's residential waste hauler is USA Waste of California, Inc., dba Waste Management of Los Angeles (WM). WM has submitted a request for a 1.89% rate increase for FY 2017/18.

All rate adjustments must be submitted to the Los Angeles County Direct Assessment website by August 10, 2017 in order to be included in the 2017/18 property tax bill.

II. RECOMMENDATION

TAKE the following actions:

1. OPEN the Public Hearing, TAKE public testimony, ACCEPT any additional written protests, CLOSE the Public Hearing and the Mayor shall ask the City Clerk to provide a

count of all protests received.

2. CONSIDER AND DISCUSS the 1.89% increase to the FY17/18 integrated residential waste management services rate proposed by Waste Management.

III. ALTERNATIVES

1. APPROVE the increase of 1.89% for the FY17/18 residential integrated waste management services rate following the majority protest hearing.

WAIVE further reading and ADOPT Resolution No. 17-084, **“A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CARSON, CALIFORNIA TO CONSIDER AND APPROVE A RESIDENTIAL WASTE MANAGEMENT SERVICES RATE ADJUSTMENT FOLLOWING NOTICED MAJORITY PROTEST HEARING”**. (Exhibit No. 1)

2. DO NOT APPROVE the increase of 1.89% for the FY17/18 residential integrated waste management services rate.

3. TAKE another action that the City Council deems appropriate and consistent with the requirements of the law.

IV. BACKGROUND

History and Negotiations

On July 15, 2003, the City and WM entered into an Integrated Residential Waste Management Services agreement, “Franchise Agreement” for the collection of solid waste, including recyclable materials, construction and demolition debris, special waste and green waste.

In 2010, WM paid a \$2,000,000 franchise extension fee, and on July 20, 2010, the City and WM implemented the First Amendment to the Integrated Residential Waste Management Services agreement, which extended the contract to 2018 with five additional one year extensions.

According to the Franchise Agreement with the City, WM is entitled to submit data for a rate adjustment each year in April to be applied and effective in July of the same year. If a rate adjustment is granted for the Franchise Agreement, the rate established by the City will be adjusted.

From FY 10/11 through FY 13/14, the City provided WM with their requested rate increases. In FY 14/15, the City did not provide WM with their requested rate increase. In FY 15/16, the City did not provide WM with their requested increase, but instead

authorized a 2.4% CPI adjustment to the residential rates.

On March 31, 2016, WM submitted a request for an 18.73% rate adjustment to the residential waste management services including single family, multi-family, mobile home parks, and senior citizen housing complexes.

Under the direction of Council, the proposed rates were negotiated down dramatically from those originally proposed by WM in order to better tailor the rates to reflect only inflationary and service cost increases. On May 6, 2016, WM submitted a request for a 6.29% rate adjustment for residential waste hauling services which was approved.

On March 29, 2017, WM submitted a request for a 1.89% rate adjustment to the residential waste management services including single family, multi-family, mobile home parks, and senior citizen housing complexes. (Exhibit No. 2)

Section 6.3 of the Franchise Agreement states that future adjustments shall be adjusted to changes in the CPI for "All Urban Consumers, for the Los Angeles-Anaheim-Riverside Area, as published by the United States Department of Labor, Bureau of Labor Statistics" (Exhibit No. 3). The annual CPI for 2015 was 244.632 and the annual CPI for 2016 is 249.246 which results in a 1.89% increase in CPI (Exhibit No. 4).

Furthermore, Section 6.7 of the First Amendment to the Refuse Agreement, "Disposal Price Adjustment", indicates that WM be compensated for the average tipping fee per ton charged by the Los Angeles County Landfill/Materials recovery Facility at Puente Hills and Downey Area Recycling & Transfer Facility (DART) in Downey (Exhibit No. 5).

The new proposed rate for a single family (standard black trash cart, including recycling) would be \$21.62 per month or \$259.44 per year. The new proposed rate for discount eligible senior citizens (standard black trash cart, including recycling) would be \$10.81 per month or \$129.72 per year.

The rate adjustment must comply with Proposition 218.

Protest Hearing Process

California Constitution Article XIID, § 2 ("Proposition 218") defines "fee" or "charge" as "including a user fee or charge for a property related service." It is fairly settled that waste hauling qualifies as a property-related service; thus the rates for waste hauling are subject to Proposition 218. Proposition 218 requires mailed notices to ratepayers of new or increased property-related fees and creates a means for ratepayers to reject such fees via a "majority protest" at a public hearing. The Proposition 218 majority protest procedures to impose or increase a "fee or charge" are as follows:

- Identify the parcels upon which a fee or charge is proposed for imposition.
- Calculate the amount of the fee proposed to be imposed on each parcel.
- Provide written notice by mail to the "record owner of each identified parcel."
- Conduct a public hearing on the proposed fee not less than 45 days after the mailing.

- Consider “all protests against the proposed fee or charge.”
- If written protests against the fee are presented by a “majority of owners of the identified parcels,” the fee cannot be imposed.

The City mailed notices of public hearing/majority protest out to residential ratepayers in WM’s services area on May 4, 2017, which is more than 45-days prior to the public hearing now pending before the Council. These notices presented the calculated rates proposed for each parcel, noticed tonight’s public hearing, and provided detailed instructions for the submission of written protests.

Only one written protest per parcel in WM’s service area will be counted. Protests to the proposed refuse rates must be submitted in writing. Written protests must be received prior to the close of the public hearing. Any written protests received following the close of the public hearing will not be counted. Written protests by electronic mail (e-mail) will not be accepted.

The Mayor shall ask the City Clerk to provide a count of all protests received following the close of public hearing. If written protests against the proposed rates are presented by a “majority of owners of the identified parcels,” the rates cannot be imposed.

Agreement and CMC Requirements

According to Section 6.8 of the First Amendment to the Franchise Agreement, “Compliance with Proposition 218”, the City shall be responsible for the noticing process per Prop. 218 (Exhibit 6). On May 4, 2017, 26,750 Notices of Public Hearing regarding the rate adjustment to the City’s waste hauling services were mailed by the United States Postal Services (Exhibit 7).

In accordance with the Carson Municipal Code (CMC) Section 5229 of Article V, Chapter 2-Collection of Charges, “The City shall collect fees for residential solid waste collection services by causing fees to be placed on the Los Angeles County Tax Rolls through procedures established by the Los Angeles County Tax Collector. No charge shall be made directly to a residential householder by the franchised residential collector, except as otherwise specifically authorized by the City Council” (Exhibit 8).

In December of 2016, the City conducted a rate study to assess the residential refuse rate for standard trash cart and recycling services. Attached in Exhibit 9 are the results.

V. FISCAL IMPACT

There is no impact to the City’s General Fund. All residential billing is placed on the County Tax roll and billed directly to the residents on their annual property tax bill. The tax collected by Los Angeles County is then paid to the City. The City then remits those property tax receipts to Waste Management.
