SUBJECT:

CONSIDER AMENDMENT NUMBER 4 TO A SPECIAL COUNSEL ENGAGEMENT AGREEMENT WITH GREENBERG TRAURIG, LLP FOR LEGAL SERVICES RELATED TO PLACEMENT OF INSURANCE, DEVELOPMENT OF REGULATORY AGREEMENTS, AND OTHER RELATED MATTERS IN THE AMOUNT OF \$387,945

I. SUMMARY

The Authority contracted in May, 2016 with Greenberg Traurig, LLP to provide it and the Authority's legal counsel specific legal assistance in the procurement of a new Pollution Legal Liability Policy, and associated negotiations on the Environmental Protection Program Policy (the "EPP Policy") that Carson Marketplace has purchased from American International Special Lines Insurance Company ("Insurer" or "AIG"), and with Tetra Tech, the environmental contractor. The Contract was amended on October 4, 2016 to take the work up through the end of December, 2016, to complete the work on the AIG EPP, the DTSC Financial Assurance, and the work transitioning the Authority from the Tetra Tech contract into a new time and materials based contract with another vendor for the installation of the remedial systems under the RAP as well as the future OM&M of those systems. The First Amendment also finalized work on the Bridge PLL, helped secure the CPL replacement and began the larger Development PLL program, including working with

Macerich and a prospective “Master Developer” on the balance of the site.

The Second Amendment took the contract to May 31, 2017 and included follow-on work on the financial assurance, negotiating the Master Horizontal Developer contract, structuring the insurance programs in cooperation with Macerich (OPPI wrap program), as part of the Macerich MOU, prevailing wage issues in the O&M contract, and other technical regulatory issues with DTSC.

The Third Amendment was to approve a Legal Project Management system to create the unified document portal for all of the developers and contractors containing regulatory documents, contracts, plans, designs, budgets, etc.

This amendment is largely focused on the placement of the Development PLL in a facultative reinsurance product, as was well as providing legal support to the CRA on insurance, indemnity and surety issues related to a number of new contractors being added to the project through the RES Environmental Risk Manager contract. Also included is the development of a number of new regulatory documents, including the “Roadmap to Occupancy” (being developed by RES), resolution of the “site soils” issue, the Environmental Covenant, Institutional Control Plan and Environmental CCRs.

II. RECOMMENDATION

1. APPROVE Amendment No. 4 to a Special Counsel Engagement Agreement (“Amendment”) with Greenberg Traurig, LLP for legal services related to placement of insurance, development of regulatory agreements, and other related matters in the amount of \$396,475.
2. AUTHORIZE the Chairman to execute the Amendment following approval as to form by the City Attorney.

III. ALTERNATIVES

TAKE another action the Authority deems necessary.

IV. BACKGROUND

The CRA contracted in May, 2016 with Greenberg Traurig, LLP (“GT”) to provide it and the Authority’s legal counsel specific legal assistance in the procurement of a new Pollution Legal Liability Policy, and associated negotiations on the Environmental Protection Program Policy (the “EPP Policy”) that Carson Marketplace has purchased from American International Special Lines Insurance Company (“Insurer” or “AIG”), and with Tetra Tech, the environmental contractor. In October, 2016 the contract was amended for several months to complete the work on the AIG EPP, the DTSC Financial Assurance, and the work transitioning the CRA from the Tetra Tech contract into a new time and materials based contract with another vendor for the installation of the remedial systems under the RAP as well as the future OM&M of those systems.
