SUBJECT:

FISCAL YEAR 2021-2022 YEAR-END CONTINUING APPROPRIATIONS (CITY COUNCIL)

I. SUMMARY

At the end of each fiscal year, Staff prepares a list of budgeted appropriations recommended for carryover into the next fiscal year. The list of Proposed Continuing Appropriations (Exhibit No. 1: Capital Improvement Projects; Exhibit No. 2: Special Revenues; Exhibit No. 3 General Fund) identifies Capital Projects that are incomplete or the start of which have been delayed and invoices received after year-end closing for services provided last fiscal year but were billed after the fiscal year ended. In some cases, the unspent expenditure budget needs to be carried forward to the next fiscal year to provide funding for the completion of the project.

The primary purpose of this report is to request continuing appropriations for a variety of projects from every department. There is no fiscal impact associated with the request.

II. RECOMMENDATION

1. RESOLUTION NO. 22-174, A RESOLUTION OF THE CITY OF CARSON CITY COUNCIL AMENDING THE FISCAL YEAR 2021-2022 BUDGET TO CONTINUE UNSPENT APPROPRIATIONS TO FISCAL YEAR 2022-2023; and
2. RESOLUTION NO. 22-194, A RESOLUTION OF THE CITY OF CARSON CITY COUNCIL AMENDING THE FISCAL YEAR 2022-2023 BUDGET TO CONTINUE UNSPENT APPROPRIATIONS FROM FISCAL YEAR 2021-2022.

III. ALTERNATIVES

IV. BACKGROUND

Staff has established a carryover review process during which departments are requested to submit justification and funding sources for unencumbered, available funds requested for carryover. The final list (Exhibit No. 1: Capital Improvement Projects; Exhibit No. 2: Special Revenues; Exhibit No. 3 General Fund) of continued appropriations is adopted by the City Council in September and becomes part of the City's Fiscal Year 2022-2023 annual budget.

Each year during the budget development process, staff review and evaluate projects priorities, available funding, and make necessary adjustments to stay within the resources available. The CIP is a working program that is reviewed and updated annually to reflect changing community needs, priorities, and funding opportunities to ensure the infrastructure exists to advance the City Council's mission, vision and priorities. **The City of Carson ended Fiscal Year 2021-2022 with only 12% of its Capital Improvement Projects budget expended** once all accounts were closed out late August. This table summarizes budget, actuals and remaining balance.
