IV. BACKGROUND

Animal Control Ordinance 10.40.110 prohibits dogs in public parks, with the exception of service dogs and dogs that are on park property for teaching uses when approved by the Director of Community Services. Individuals have met and spoken to Community Services staff about the desire to change the ordinance restricting access of dogs to public parks and also about the possibility of adding amenities for dogs to current parks or developing stand-alone dog parks. Several nearby cities have recently built dog facilities and/or

changed ordinances to now allow dogs in parks while on leash.

The following information in the PowerPoint presented to City Council is based on Community suggestions and desires:

- Designated “dog on leash” paths in City parks
- Establishing a fenced-in “dog off leash” park or dog runs at parks
